OUR MENU IS UGLY, BUT IT'S B-CORP  

Basically this means we would rather offer you a digital version of our menu via the QR on your table rather than print thousands of menus, which although very cool and beautiful, are bad for the planet. Like everything we do on a daily basis, whether that be offering a menu full of seasonal products, encouraging greener diets as we strive to offer delicious vegetarian options, to supplying our restaurants with renewable energy, we get up every day challenging ourselves to improve the running of our restaurants whilst minimising their impact.

So yes, this menu may hurt the eyes, but frankly, we think it's the way forward.

A great classic, almost the symbol of the name, Amarone Bertani expresses a garnet colour and a very articulated nose. If you hesitate to take a trip to the Veneto, this wine will definitely convince you.
